Apr	DAILY RECORDS FOR THE MONTH
2018	The Glen Allen Station had 22 Records or Record Ties in April 2018
1	
2	L
3	<u> </u>
4	The minimum terms on the 5th was 20.00 free years Owner LOW deliterations to was a second for the old second was 24.20 fin 2040.
5 6	The minimum temperature on the 5th was 30.0°F, a new 9-year LOW daily minimum temperature record for the date - the old record was 31.3°F in 2016.  The daily temperature range on the 6th was 35.1°F, a new 9-year HIGH daily temperature range record for the date - the old record was 33°F in 2011.
7	The daily temperature range on the 5th was 35.1 F, a new 9-year FIGH daily temperature range record for the date - the old record was 35°F in 2011.  The minimum temperature on the 7th was 32.5°F, a new 9-year LOW daily minimum temperature record for the date - the old record was 35°F in 2013 and 2012.
- '	The daily greatest snow on the 7th was 0.5 inches, and is a new 8-year daily greatest snow record for the date - the old record was 0 inches.
8	The minimum temperature on the 8th was 29.9°F, a new 9-year LOW daily minimum temperature record for the date - the old record was 31.6°F in 2017.
	The maximum temperature on the 8th was 53.4°F, a new 9-year cold daily maximum temperature record for the date - the old record was 57°F in 2011 and 2009.
9	The daily greatest snow on the 9th was Trace and EQUALED the, 9-year HIGH daily greatest snow record for the date - the old record was a trace in 2016.
	The maximum temperature on the 9th was 49.2°F, a new 9-year cold daily maximum temperature record for the date - the old record was 52.4°F in 2016.
10	The daily temperature range on the 10th was 21.4°F, a new 9-year LOW daily temperature range record for the date - the old record was 23°F in 2011.
11	The minimum temperature on the 11th was 34°F, and EQUALED the, 9-year HIGH daily minimum temperature record for the date - the old record was set in 2012.
12	
13	The maximum temperature on the 13th was 84.8°F, a new 9-year daily HIGH maximum temperature record for the date - the old record was 83°F in 2014.
14	The minimum temperature on the 14th was 62.7°F, a new 9-year warm daily minimum temperature record for the date - the old record was 62°F in 2014.
	The maximum temperature on the 14th was 82.4°F, a new 9-year daily HIGH maximum temperature record for the date - the old record was 77°F in 2014 and 2012.
15 16	The minimum temperature on the 15th was 62°F, a new 9-year warm daily minimum temperature record for the date - the old record was 61°F in 2012.
17	The maximum temperature on the 17th was 55.2°F, a new 9-year cold daily maximum temperature record for the date - the old record was 59°F in 2014.
18	The maximum temperature on the 17th was 55.2 F, a new 5-year cold daily maximum temperature record for the date - the old record was 55 F in 2014.
19	
	The minimum temperature on the 20th was 33.8°F, a new 9-year LOW daily minimum temperature record for the date - the old record was 39°F in 2010.
	The maximum temperature on the 20th was 64.7°F, a new 9-year cool daily maximum temperature record for the date - the old record was 65°F in 2013.
21	
22	
23	
24	The daily temperature range on the 24th was 5.3°F, a new 9-year LOW daily temperature range record for the date - the old record was 6.2°F in 2017.
	The daily precipitation on the 24th was 1.09 inches, a new 9-year HIGH daily precipitation record for the date - the old record was 0.40 inches in 2017.
25	
26	The delia manifestion on the 07th was 0.54 inches a sound was HIGH delia manifestic manifestic the delia del
27	The daily precipitation on the 27th was 0.54 inches, a new 9-year HIGH daily precipitation record for the date - the old record was 0.09 inches in 2016.
28 29	
	The minimum temperature on the 30th was 35.3°F, a new 9-year LOW daily minimum temperature record for the date - the old record was 43°F in 2011.
	The daily temperature range on the 30th was 38.2°F, a new 9-year HIGH daily temperature range record for the date - the old record was 32°F in 2010.
