

Weather Report for July.

The subjoined report gives sunrise, minimum, and maximum readings of the thermometer and the amount of rainfall for the month of July.

The readings of the thermometer were taken on an elevated plateau near the city, the position of the instruments being free from any influence of refracted heat. They are self-registering, of the very best French manufacture, and the figures are believed to be absolutely correct:

CONDITIONS.	Minimum.	Rainfall— Inches.	Sunrise.	Maximum.	Wind.
1—Clear.....	58		58	85	S. W.
2—Clear.....	55		55	88	N. W.
3—Clear.....	56		56	94	S. W.
